Aim for success, not perfection. Never give up your right to be wrong, because then you will lose the ability to learn new things and move forward with your life. Remember that fear always lurks behind perfectionism.

Vice President (College)

If a man empties his purse in to his head, no man can take it away from him. An investment in knowledge always pays the best interest.

As Swami Vivekananda says: **“Education is the man infestation of the Perceptual ready present in man ”** so education is something which is there within us it’s just how much we strive for it and how much we desire to learn something new...Learning is something, which is not bound by time, place or age.

Best Wishes!

SHRI ANIL KUMAR G.
(Treasurer College & Samajam)

The aim of education should be to teach us rather how to think, than what to think — rather to improve our minds, so as to enable us to think for ourselves, than to load the memory with thoughts of other men.

Best Wishes!

Secretary Education
